Performance Objective PO-04

## **Assignment: Foreign Country Tourism Report**

### **Part 1: Request for Material**

**Date Assigned:** \_\_\_\_\_ **Due Date for Assignment:** \_\_\_\_\_

You are to contact a foreign country of your choice and request a tourism package. Make sure you are communicating with the appropriate Department/Bureau!

### **Part 2: Short Report on Tourism in that Country**

**Due Date for Assignment:** \_\_\_\_\_

You should review the materials you receive from the country and plan a one week trip for your family there. Make sure you include (at least):

Dates of trip

Airplane flights & costs

Car rental with costs

Hotel accommodations with costs

Sightseeing Suggestions with Entrance costs

Restaurants Suggestions with approx. Costs

Other important considerations (weather, customs, security, food issues, etc.)

Total costs for the trip should be highlighted

Also, discuss the issues and requirements associated with international travel.

Along with the report you will be **required** to turn in the materials you received from the country

This report must be typed (double-spacing is fine). I am more concerned about content (quality and completeness) than I am about length!! I will say that good quality report could be done in 3 to 4 pages.
